COMPANY

Sydala International Trading Holdings is a company focused in the international trading of **iron and steel products**.

Our company was born with the intention of being the **first and only Spanish trader** in this sector offering products and services that range from the purchase of raw materials to the delivery of the finished product to final destination.

SYDALA GLOBAL SERVICES follows this line with the intention of offering a quick and efficient answer in the field of **steel integral logistics**.

Sydala covers all different transportation needs (sea, land intermodal), offering a wide range of logistic solutions such as warehousing, distribution, insurance, customs, etc.

This is possible thanks to a professional team made of highly specialised people combined with the latest technology which allows us to make a customised follow up and have an accurate on time information.

MISSION :

To be an overall logistics provider with a customer oriented service offering tailor made solutions to both domestic and international trade
